WHEATON ORAL SURGERY *and*  
IMPLANT CENTER

“Oral health is integral to overall health. [Dentistry is essential health care](#),” states ADA President Chad P. Gehani, D.D.S. thus, our facilities can remain open.

The state also recognizes the extraordinary measures we have taken to thoroughly clean our practice and update our processes to ensure your health and safety. Some of the steps we've taken include:

We've added 10 minutes between appointments to allow additional time to thoroughly wipe down all service rooms and tools with approved hospital-grade or EPA-registered disinfectants and cleaning and disinfecting bathrooms and common areas at a minimum of once every hour.

Pre-service employee and client health checks including temperature checks

Mandatory masks for all employees and patients.

Installed a New Air Purification and filtration systems that actively cleans and purifies the supply air, killing mold, bacteria and viruses
